Welcome & Introductions**Icebreaker****Anatomy of a Coalition**

The group reviewed the different groups that make up the ALL Together coalition and the activities that were assigned to each group at the last meeting. The following edits were made.

- Active Member—add retention/mentoring
- Board members—anyone at monthly meeting, **sign** off as a board member.
- Community—adding fundraising down the road if we became our own 501c3 going towards development, or more organized process.
- Moderately Active—delete leadership recruit & development. Let's combine that with participant. Maybe make member involvement titles more fluid.
- Sponsor—Be upfront about \$\$ with sponsors, add networking events/opportunities
- Staff—adding member retention to list of responsibilities and public relations.
- Subcommittee—no changes, member recruiting
- See photos of each group on pages 2 & 3. The number in parentheses after each activity is the number of people who voted to include this activity as a part of this group's duties.

Jacqui and Angie will make final edits and share this information with the group at the next meeting.

Other Ideas

- Retention mentoring
- Active members vs board member meetings
